

CHRONOFIGHTER BLACK ARROW

USP

- Automatic chronograph - decorated and sophisticated movement
- Laser system control technology: Diffraction nanostructured area (triangle at 9 o'clock) reflecting light as a unique holographic signature. When exposed to the laser light, reflects a planisphere with time zones – Watch delivered with green laser pointer (1mw – Class II)
- Telemeter function to measure distances between an event and an observer based on the speed of sound. Temperature base: 25°C (Earth average temperature)
- Date at 8 o'clock
- Black carbon fast-action start / stop trigger
- Matt black ceramic bezel
- Digital camouflage dial – beige or green tints and shades
- Canvas strap

Functions: Chronograph (seconds, 30 minutes counter). Date at 8 o'clock
Hours, minutes, seconds

Calibre: G1747 automatic chronograph
28'800 A/h (4Hz)
Incabloc shock absorber
25 jewels
Power reserve: 48 hours

Case: 47 mm steel with black PVD
Black carbon fast-action start / stop trigger
Steel with black PVD reset pusher with black rubber
"Clous de Paris" high grip pattern
Domed sapphire crystal, anti-reflective coating on both faces
Smoked sapphire crystal case back

Bezel: Matt black ceramic (ZrO₂)

Water resistance: 330 feet / 100 m / 10 bar

Dial: Beige/green-shaded digital camouflage
with black Super-LumiNova coated numerals and hands.
Grey chrono, minutes and seconds counters' hands
Laser system control triangle – Diffraction area reflecting light as a unique
holographic signature. When exposed to the laser light, the triangle reflects a
planisphere with world's time zones. Watch delivered with green laser pointer
Forgery proof - guarantees the authenticity of the watch
Telemeter scale (calculated 25°C/km)

Strap: Beige /green canvas
Black DLC pin buckle

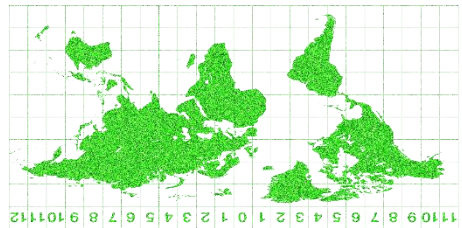

CHRONOFIGHTER BLACK ARROW

2CCAUE05A
 Ø 47mm steel with black PVD case
 Beige-shaded digital camouflage
 Beige canvas strap

2CCAUG05A
 Ø 47mm steel with black PVD case
 Green-shaded digital camouflage dial
 Green canvas strap

Laser system control technology. Diffraction nanostructured area (triangle at 9 o'clock) which reflects light as a unique holographic signature. When exposed to the laser light, reflects a planisphere with time zones

Forgery proof and non-reproducible security system

DANGER

LASER RADIATION
AVOID DIRECT EYE EXPOSURE

OUTPUT POWER < 1mW
WAVELENGTH 532nm
CLASS II LASER PRODUCT

CHRONOFIGHTER BLACK ARROW

Watch delivered in a special watch box with warranty
Water resistant black thermoplastic box with pressure valve
"Black Arrow" inscription high pressure water jet cut
Additional laser pointer
